University Village is a popular place to reside. As a result, we maintain a Waiting List. The earlier you apply the better. Applying for University Village does not guarantee that an apartment will be found for you in the time frame you need to move in. If you do not find an apartment in time, you may request in writing, to extend your application to additional academic years. You may also apply to live in University Village before you are admitted. Please also note you will not be allowed to sign a lease or move in until you have been admitted to the OU Health Sciences Center.

When would you prefer to move in?

If no space is immediately available, when is the latest you can wait to move in?

I understand that I must be admitted before moving into University Village Apartments. I also understand that I am not guaranteed an assignment and an apartment may not be available at the time I have requested. If an apartment is offered, there will be a time limit placed on when this assignment has to be accepted. If the apartment is not accepted by the deadline provided, my application will be cancelled and I will forgo my place on the Waiting List. I understand my place on the Waiting List will not be confirmed until the University Village Office receives my Housing Application Fee of \$40.00.
