JASON SANDERS, MD, MBA
SENIOR VICE PRESIDENT AND PROVOST

We are thrilled you have joined the Sooner family. You have worked hard to get here and we are committed to your success.

Leave a legacy - inspire your fellow learners and transform your patients’ lives.

Thank you for choosing to be a part of our community.

The University of Oklahoma Board of Regents unanimously voted May 9 to name Joseph Harroz Jr. the university’s 15th president.

“This is more than a promotion or a dream job to me,” Harroz said. “It’s a chance to pay back the debt I owe our university. OU changes lives every day. I know firsthand because it changed mine. I wouldn’t be who I am if not for the education my father – the son of Lebanese immigrants – received at OU, and the education that I also received from this extraordinary institution.”

A native Oklahoman, Harroz earned a bachelor of arts in economics from OU in 1989, graduating Phi Beta Kappa, and a juris doctorate from Georgetown University in 1992. Harroz rejoined the University of Oklahoma in 1994, the beginning of nearly 25 years of service to the university. He served first as vice president for executive affairs and then for 12 years as general counsel, the chief legal counsel to the president, the OU Board of Regents, Rogers State University and Cameron University.

In 2008, Harroz became president of a publicly traded health care company, growing its market capitalization to more than $80 million, before returning to OU in 2010 as the dean and director of the OU Law Center and Fenelon Boesche Chair of Law. Harroz has taught law for more than two decades, focusing on employment, sports and health care law.

Throughout his nine-year tenure as dean, the OU College of Law earned record national recognition, including the highest-ever U.S. News & World Report ranking by any Oklahoma law school and the first law school in the nation to achieve Apple Distinguished School status (Apple, Inc.). Under Harroz, National Jurist Magazine named OU Law one of the nation’s “Best Value Law Schools” for 10 consecutive years, and its graduates consistently led the state in bar exam passage rates. In addition, his fundraising efforts more than tripled the size of the college’s scholarship endowment and expanded the annual amount of scholarship money given to students to more than $1.5 million.

At OU Law, Harroz also led efforts to create new joint degree and certificate programs to enhance the J.D., instituted a pro bono service commitment for all law students and launched the nation’s first-ever law school Digital Initiative, preparing students for success in the 21st century legal profession.

“I count it an immense privilege to serve my alma mater and our state’s flagship public research university as its president,” Harroz said. “Throughout its 130-year history, OU has been a beacon of excellence and opportunity. As President, I pledge to work tirelessly with you – our students, faculty, staff, alumni and friends – to be worthy of our extraordinary legacy. Together, we can realize the full potential of our Purpose to change the lives of each next generation of students and to impact the world through what we discover and create.”

Harroz, a grandson of Lebanese immigrants to Oklahoma, is father to Joseph, Zara and Jude and partner to Ashley Tate.

OUHSC encourages students, faculty, and staff to take positive steps when they see others taking actions that are not consistent with University policy related to COVID-19. Because it’s not always easy to have a conversation that may appear accusatory or confrontational, HSC Student Affairs and Human Resources have developed these conversation tips.

How you say something is just as important as what you say. Empathy and compassion are helpful communication styles and can be an effective approach during these challenging times.

When You See Someone on Campus Without a Mask

- For Students: Your health is really important to me. Did you know wearing a mask on campus is required and you can get a mask from HSC Student Affairs or OU-Tulsa Student Affairs? No charge!
- For Employees: Your health is really important to me. Has your department made masks available to its employees yet? If not, remind them to complete a Mask Request Form.
- For All: If you’re looking for masks, there are stations at the HSC-Student Union Welcome Desk and on the 3rd floor in HSC Student Affairs. Stay safe!
- For All: I am wearing my mask to take care of those who are immunocompromised. Will you join me?

When Greeting and Approaching Others on Campus

- Hi! I’m not shaking hands due to the virus, but it is a pleasure to meet you.
- Hello! I am avoiding contact, but it’s great to meet you.
- I understand you are not worried, but I’ve decided to continue practicing social distancing and am not yet comfortable with being closer than 6 feet. Do you mind maintaining the 6-foot recommendation?

When People are Not Social Distancing

- Pardon me while I try to keep a safe distance.
- Hey friends, I saw a larger table available on the second floor if you need more space for studying. Stay safe!
- Pardon me, would you mind sneezing/coughing into your elbow or the other direction, please?
- It’s getting a tad crowded here, would you all mind relocating, as the seating here is limited? Remember, 6 feet!
- Please let me know when you are finished in this shared space so I can come back - I know we all want to maintain proper social distancing.
- Let’s be safe. I’ll catch the next elevator!
- I understand you are not worried, but I’ve decided to continue practicing social distancing and am not yet comfortable with being closer than 6 feet. Do you mind maintaining the 6-foot recommendation?

Expressing Thanks to Those Following University COVID-19 Policy

- Thank you for being so considerate of others and wearing a mask.
- I appreciate your keeping your distance for the health of all.
- Thank you for modeling safe COVID-19 practices!
- Love your mask. Thanks for wearing it!
Comencé mis cursos en junio de 2018 y he disfrutado a lo máximo mi tiempo aquí. En el transcurso de los años he visto el interés y amor que brinda esta universidad a sus estudiantes y a la comunidad alrededor. He aprovechado de las múltiples herramientas que propone OUHSC para el crecimiento profesional de sus estudiantes. Por ejemplo el departamento de Asuntos Estudiantiles (HSC SA) tienen cursos de liderazgo (Leadership HSC) para desarrollar cualidades necesarias para que estudiantes se entrenen para tomar la delantera. También existe una variedad de organizaciones estudiantiles que se enfocan en diferentes tipos de proyectos. Yo he estado muy involucrado con varios de estos grupos y uno de ellos es la Asociación Estudiantil de Hispano Américanos (HASA) en el cual he sido Co-Presidente. HASA es una organización con el propósito de enriquecer la comunidad universitaria con las costumbres, culturas y lenguaje Hispano. Hemos tenido clases de español y baile para los estudiantes durante el pasado año. A la vez también hemos apoyado actividades que fortalecen la comunidad Hispana alrededor. Hemos participado en ofrecer servicios de interpretación en proyectos relacionados con la salud. Mi tiempo aquí ha sido tan impactante y he crecido de muchas maneras. Lo que yo aconsejo si usted decide inscribirse aquí es que aparte de tomar sus estudios en serio. Encuentre maneras de involucrarse en actividades más allá de la clase. Estas oportunidades te ayudarán para conocer a gente de diferentes antecedentes y profesiones. Nuestra comunidad de habla español necesita a personas como usted que tienen empatía, pasión, y habilidades de resolver problemas! Por eso yo decidí hacermelo un profesional de salud para mejorar la salud y bienestar de nuestra comunidad!

¡Hola mi nombre es Gustavo Martinez y soy un estudiante de fisioterapia bilingüe! Es un placer compartir con ustedes mi experiencia en la Universidad de Oklahoma Centro de Ciencias de la Salud (OUHSC)!

SIX DIMENSIONS OF WELLNESS

Physical: Involves balancing school work, jobs, and leisure time. Learning ways to reduce stress, live within your means, and not push yourself beyond your limits is essential.

Spiritual: Engaging the individual in creative and stimulating mental activities to expand their knowledge and skills and help them discover the potential for sharing their gifts with others.

Intellectual: Similar to your healthcare-focused curriculum, the journey toward excellence in education requires an intentional emphasis on the big picture of your choices and life management.

Emotional: To encourage full participation for students with disabilities and help ensure equal educational opportunity, the Disability Resource Center provides a variety of support services, many of which have been developed in response to expressed student needs.

Social: Refers to the relationships we have and how we interact with others. Social wellness involves building healthy, nurturing, and supportive relationships as well as fostering a genuine connection with those around you.

Occupational: Involves balancing school work, jobs, and leisure time. Learning ways to reduce stress, live within your means, and not push yourself beyond your limits is essential.

Personal: A personal matter involving values and beliefs and helping them discover the potential for sharing their gifts with others.

What makes OUHSC home?

Aside from the delightful scenery, it is truly the people here which make this wonderful campus feel like home. The familial and benevolent atmosphere is nothing short of embracing, and champions the notion that we all are here to encourage each other and cultivate growth together.

What makes OUHSC home?

OUHSC is home because of all the great, lifelong friends I've made during my time here, and because of the amazing faculty that works tirelessly to make sure we have everything we need to succeed.

OUHSC is a community of healthcare professionals who are willing to support each other's dreams.

The support provided by individuals on campus makes OUHSC home. I feel confident that there are individuals within my program, college, and university that will always be there for me.

What makes OUHSC home?

The people and the community we service make OUHSC home. We look out for each other and support one another as a family at OUHSC.

What makes OUHSC home?

OUHSC has become my home because it is a place of learning, camaraderie, and personal growth. My experiences here will set me up for the future in both, my career and my personal life.
The University is committed to creating and maintaining a community where all persons who participate in University programs and activities can work and learn in an atmosphere free from all forms of harassment, exploitation, or intimidation.

What is the Accessibility and Disability Resource Center?
The Accessibility and Disability Resource Center (ADRC) provides services to students with disabilities to ensure that they have equal access to education, housing, events, and activities on all three University of Oklahoma campuses. The ADRC also oversees digital and structural accessibility.

What kinds of disabilities does the ADRC accommodate?
A disability is defined by the Americans with Disabilities Act, as Amended as a mental or physical impairment which substantially limits one or more major life activities. Examples of disabilities are:

- Physical Disabilities
- Psychological
- Autism Spectrum Disorders
- Auto-Immune Illnesses
- Learning Disabilities
- ADHD
- Chronic Health Conditions

How are Reasonable Accommodations determined?
Accommodations are determined through an interactive process on a case-by-case basis, taking into account:

- The student's self-report
- Any past history of accommodation
- The professional judgment of the ADRC staff

How to request your accommodations
In order to receive your approved accommodations, you must first formally request them. Because accommodation needs may vary from class to class and term to term, we ask that accommodations are requested 5-10 university days prior to the start of every term. Accommodations may be requested at any time during the semester, however please keep in mind that accommodation requests typically take 3-5 university days to be processed.

To request your accommodations, you must send your request via email to Dr. Guttery (clguttery@ou.edu) and/or Angela Barbour (angela.barbour@ou.edu) and include the following information:

- OUHSC ID
- Course number(s) for the courses in which you want to use your accommodations
- Specific accommodations you would like to use

What do I do if my accommodation needs change?
If you feel that you need different and/or additional accommodations please call the ADRC at 405.325.3852 to schedule an appointment with Dr. Guttery or Angela Barbour. Depending on the desired accommodations, additional documentation may be required.

What if I have a Temporary Medical Condition?
Throughout the course of their education students may experience a temporary medical condition, such as a broken bone, a concussion, adjustment disorder, pregnancy, or extended illness. The ADRC may provide temporary courtesy services for the duration of the condition. In order to do so, documentation must be submitted to the ADRC which includes the diagnosis, prognosis, and recommendations for services from a licensed provider qualified to do so.

How do I get accommodations for 3rd party examinations (i.e. board exams)?
To begin the process, the student will need to complete a Release of Information form which indicates the information which they are requesting to be provided, i.e. a Letter of Accommodation and/or for a form to be filled out. If a form is required, it is the student’s responsibility to provide that form, and any other pertinent information, to the ADRC. Many organizations have recency requirements for documentation, so re-assessment may be necessary.

Letter requests typically take 5-10 university days for completion, so it is important to send the request well in advance of when it is needed.

I have more questions; where do I go?
Please call the Center at 405.325.3852 to speak with Dr. Guttery or Angela Barbour. You may also send questions via email to clguttery@ou.edu and/or angela.barbour@ou.edu.

How to Register
1. Self-identify as a student with a disability and submit documentation via email (preferred) or fax:
   - clguttery@ou.edu
   - angela.barbour@ou.edu
2. Documentation will be reviewed within 3-5 university days
3. Next steps will be sent to your OUHSC email address after review
   • Schedule an appointment with an ADRC team member – OR – provide additional documentation, if requested
4. Meet with an ADRC team member via Zoom or phone to determine appropriate accommodations once sufficient documentation has been received

Full details on documentation guidelines may be found at http://www.ou.edu/drc/drc-registration/documentation-guidelines

What do I need to provide for documentation?
Appropriate documentation differs depending on the disability; however, there are seven essential elements of quality documentation.

These elements are as follows:

- The credentials of the provider/evaluator
- A diagnostic statement clearly identifying the disability
- A description of the diagnostic methodology used
- A description of the current functional limitations
- A description of the expected progression or stability of the disability
- A description of current and past accommodations, services, and/or medications
- Recommendations for accommodations, adaptive devices, assistive services, compensatory strategies, and/or collateral support services
